

Active Transportation Plan Participation

The Village of Yellow Springs has received a grant from the Ohio Department of Transportation & the Ohio Department of Health to cover the full cost of creating an Active Transportation Plan for our community. This Plan will encompass all modes of active transportation, including walking, biking and transit, for people of all ages and abilities.

In addition to facilitating several public meetings, the Village is forming a Project Advisory Committee to support this active transportation planning process. To ensure a comprehensive & complete plan that best captures the desires and needs of all community members, this Advisory Committee needs to represent all stakeholder groups in and around Yellow Springs. All meetings will be publically noticed to facilitate the highest possible level of citizen participation.

If you would like to participate on this Committee, which will meet 4-8 times over a 6-month period starting in January, please contact Judy Kintner at clerk@vil.yellowsprings.oh.us or at 767-9126.

If you have any questions, please contact Village Project Lead Brian Housh via 937-776-9566 or brianhoush@yso.com. **We will stop taking applicants on December 30th, 2017.**
