“Covid State of Emergency Initiated in Yellow Springs”

(OHIO, Yellow Springs) On Monday, August 9th, the Yellow Spring Village Council passed a resolution enacting a Covid State of Emergency, due to impact of the Delta variant, and rise in positive cases within Greene County for both vaccinated and non-vaccinated individuals.

Emergency Safety Protocols for ALL (*Vaccinated and Non-Vaccinated*) individuals 2 years of age and older.

- ALL are required to wear masks in all indoor public areas, businesses, and government facilities.
- ALL are required to wear masks outdoors if 6ft distancing is not possible. This includes all public outdoor & vendor areas and/or streets which are on or within the central business district.

The Village of Yellow Springs will continue to support local businesses as they encourage the safety of both employees, and patrons through the use of masks & physical distancing. Public hand sanitizer stations will be replaced & restocked, and the distribution of protective masks in high traffic areas will continue to be assessed.

At this time, Government offices and all facilities remain open to the public, but ALL are subject to the new safety protocols. The public will be notified of any updates as more information becomes available. For more information, please visit www.yso.com
