

**Village of Yellow  
Springs Block Party  
Application**

Date received: \_\_\_\_\_

Block Parties are a great way to come together and build a stronger community to make our Village a better place to be. When planning a block party please be considerate of your neighbors and how the road closures may affect them. Please fill out this form and return to Samantha Stewart at [sstewart@yso.com](mailto:sstewart@yso.com) or 100 Dayton St Yellow Springs, OH 45387. Forms need to be received at least 10 days before your block party is scheduled.

The Village staff will drop off barricades for street closures on the corners of streets scheduled to be closed, on their last scheduled day of work before the event and collected on their next scheduled day. Block party planners are responsible for setting up dropped off barricades and returning the barricades off the street to be collected.

The Village has a limited amount of barricades and can accommodate 5 or less block parties during a weekend, depending on other events going on in the Village. Your request for a block party may be denied if the Village cannot provide safety needs.
